# Who has the time to get sick?

If you have a phone or laptop, you have access to quality care. Teladoc's U.S. board-certified doctors can treat many of your medical conditions through the convenience of phone or online video consultations. Teladoc can save students and parents from costly ER or urgent care visits. Not to mention, our doctors are available 24/7/365, unlike traditional student health centers.

Why wait for the medical care you need?

## MEMBER STORIES

"I'm so glad I had access to Teladoc my freshman year. I started to get this nagging cough right before mid-term exams. I tried to remedy the cough myself with some cough drops, but my symptoms only got worse. Mom recommended that I call Teladoc. Within 48 hours of speaking with a doctor, I felt normal again and ready for my exams."
