

See a doctor anywhere you happen to be

Your access to Teladoc includes the option for online video consultations. You can have a face-to-face conversation with a U.S. board-certified doctor, just like in a regular doctor visit, but from wherever you happen to be. Home? Work? On vacation? A Teladoc doctor is only a click away!

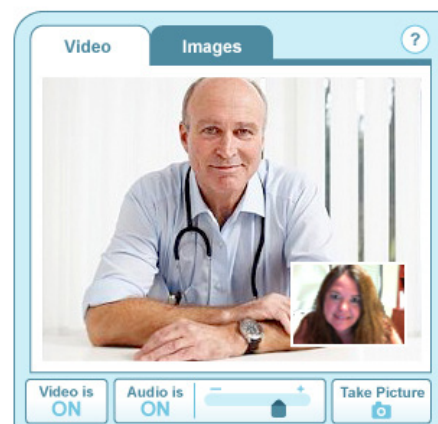

What is Teladoc?

Teladoc is a national network of U.S. board-certified, state-licensed doctors who can resolve many of your medical issues – 24 hours a day, 7 days a week – via phone or online video consultations. It's quality healthcare, when and where you need it.

Why should I use video?

Online video is simply an option for receiving quality care from a Teladoc doctor. It combines the personal comfort of seeing your doctor with the convenience of 24/7 access online. All you need is a computer, internet connection, webcam and a phone. And best of all, it is the same low cost as phone consultations.

Request your consultation today!

Feeling under the weather? Log in to your account at www.Teladoc.com or call **1-800-Teladoc (835-2362)** to request your online video consultation.

Teladoc is happy to provide information about your Teladoc consultation to your primary care physician.
